Marino Pear Tree Replacement Consultation

*Residents are invited to submit their views on **pear tree replacement** over a 15-year period in the Marino estate*

It is planned that these fruiting pear trees will be removed and replaced at a rate of 10-20 trees per year over a number of years. They will be replaced with non-fruiting street trees once the roots have died back (usually after 2-3 years). This plan for our future street forest is supported by the Marino Tree Interest Group and Marino Residents' Association.

You can **submit your comments** or **nominate a pear tree outside your house for replacement or retention** through the following channels:

	Write a Letter	For attention of: Marino Residents' Association Carleton Hall, 53 Shelmartin Ave, Marino, Dublin 3
	Connect on Facebook	"Marino Trees" Facebook page https://www.facebook.com/marinotrees/
	Send an Email	info@marino.ie
	Phone	Leave a message for: Marino Residents' Association (01) 805 3310 - Carleton Hall

*Please provide your feedback before **30th September 2017***
